Spring 2019 Student Election and Referendum

Unofficial Results

To All Interested Parties,

Below are the Unofficial Results of the Spring 2018 Election. The CSEC has removed those write-in candidates that are not students or were not a part of the specific voting units that they were written-in for. Furthermore, the procedures for the runoff election will be determined at a later date. **If you see your name as a write-in candidate and have either won or are involved in a tie, and you would like to remove yourself from consideration, please email the CSEC at studentelections@illinois.edu.**

In addition, we are in the process of investigating complaints sent from multiple individuals and organizations concerning this year's elections. Please allow us time to scrutinize these complaints fully and thoroughly and we will be transparent with the results. **Official results may vary pending the conclusion of our investigations.**

As explained in the CSEC Election Code,

The purpose of these rules is to ensure a proper, fair, efficient, and standard means of conducting the annual student elections and referendum. These rules derive their authority from the Senate Election Rules for the Student Electorate, the Illinois Student Government Constitution, the SORF Board, and the Office of the Vice Chancellor for Student Affairs. These rules are subject to the superseding authority of University policies and the laws, ordinances, and regulations of the City of Champaign, the City of Urbana, the State of Illinois and the United States of America.

Please understand that the CSEC is committed to addressing all concerns brought to our attention to ensure that proper electoral guidelines were followed by all and that all violations are adjudicated appropriately.

Sincerely,

Campus Student Election Commission

*Indicates student's eligibility is not yet verified. If a student is ineligible, the next eligible candidate is seated.
