

Student Election Code of the University of Illinois Urbana- Champaign

Revised: February 8, 2023
Approved 3-0

Student Elections Code Modifications

The Campus Student Election Commission, hereafter referred to as the CSEC, reserves the right to make corrections and amendments to the Student Election Code as necessary at any time in consultation with our stakeholders. Once such changes are made, the CSEC shall include them in the Student Election Code and notify registered candidates of applicable changes. Changes to the Student Election Code are made by a majority vote of CSEC members present and voting.

CSEC Charter

The governing document of the CSEC, known as the Charter, outlines the scope, authority, and regulations of the Commission. It can be found online at <https://studentelections.illinois.edu>. The CSEC reserves the right to make corrections and amendments to the Charter as necessary at any time.

Chapter I: Scope and Authority

- 1.01 These rules, referred to as the Student Election Code, are created and enforced by the CSEC. The CSEC is a non-partisan and impartial body which oversees student elections, ensures their fairness, and is responsible for the execution of all election procedures.
- 1.02 The purpose of the Student Election Code is to ensure a proper, fair, efficient, and standard means of conducting the annual student elections and referendum. These rules derive their authority from the [Senate Election Rules for the Student Electorate](#), the Illinois Student Government Constitution, the SORF Board, and the Office of the Vice Chancellor for Student Affairs. These rules are subject to the superseding authority of University policies and the laws, ordinances, and regulations of the City of Champaign, the City of Urbana, the State of Illinois, and the United States of America.
- 1.03 To facilitate the election process, these rules may be corrected or amended as necessary after their initial release. However, a candidate's past action cannot become a violation solely as the result of a change in the rules. Further, a change in the rules cannot change a past violation into a permitted action.

Chapter II: Election Cycle

- 2.01 Student elections occur in the spring semester of each academic year. The election is conducted for two (2) days no fewer than three (3) weeks prior to the organizational meeting of the Urbana-Champaign Senate. Prior to the commencement of the election cycle, the CSEC will determine the schedule for the elections which include candidate and referendum deadlines. This schedule will be released on the CSEC's website before winter break each year and referred to as the Student Election Timeline.
- 2.02 If needed or called for, the requirements regarding the election cycle may be waived for special elections or special referenda elections at the CSEC's discretion.
- 2.03 Elections are conducted using an online ballot. As such, no dedicated polling locations or absentee ballots will be utilized. The official election information website is <http://studentelections.illinois.edu>. The official voting website is <https://illinois.campuslabs.com/engage/>
- 2.04 All required forms referenced throughout this document including, but not limited to, the Student Election Code, the Student Election Timeline, the

Student Election Endorsement Form, the Student Election Slate Registration Form, the Student Election Financial Disclosure Form, and the Student Election Declaration of Candidacy will be available on the CSEC's website (<http://studentelections.illinois.edu>) throughout the duration of the election cycle. The CSEC has the discretion to alter these forms or request a resubmission as necessary.

Chapter III: Elections Rules, University Policy, Laws, and Regulations

- 3.01 The rules specific to each elected body for which the CSEC holds elections are incorporated by reference into these rules. When the Student Election Code conflicts with the elected body's rules in matters regarding candidate eligibility and guidelines specific to the elected body, the elected body's rules apply.
- 3.02 All candidates, sponsors, and members of campaign teams must comply with all University policies. The Student Code (<http://studentcode.illinois.edu>) and the Campus Administrative Manual (<http://cam.illinois.edu/>) are incorporated by reference into these rules. Additionally, each candidate, sponsor, and campaign team must comply with the "Statement of Ethical Electoral Behavior" on the Student Election Declaration of Candidacy.
- 3.03 All candidates, sponsors, and members of campaign teams must comply with all applicable laws, ordinances and regulations, including but not limited to the ordinances of the [City of Champaign](#) and the [City of Urbana](#). City ordinances apply while on University property unless State or Federal law exempts or supersedes an ordinance.
- 3.04 All candidates, sponsors, and members of campaign teams must comply with this Student Election Code. Failure to do so may result in the application of sanctions as outlined in Chapter X.

- 7.02 Campaigning is further defined as any action conducted with the intent to influence a voter or student election, including distributing or posting campaign literature and materials; soliciting votes verbally, through the mail, by telephone, electronically by text, media, or any web-based form of communication; wearing campaign buttons; sponsoring campaign meetings, press conferences, or rallies; and other activities as determined by and subject to the discretion of the CSEC.

- 7.05 Candidates are required to submit campaign materials to the CSEC by the deadline provided in the Student Election Timeline for archival purposes.

- 7.08 Candidates and their agents shall not foster prejudice against another candidate because of membership in a protected class; or remove, destroy, or mutilate another candidate's campaign materials or encourage others to perform such acts.
- 7.09 Campaign materials include, but are not limited to:
- a. An electoral advertisement
 - b. A printed or digital document containing an electoral matter (a how-to-vote card, a candidate or party platform, etc.)

See [§ 2-407 of the Student Code](#) for more information. Students need to go to the Office of the Dean of Students first and then will be directed to the Office of Residential Life. Approved canvass permits must be submitted to the CSEC prior to any campaigning in the residence halls.
- 7.17 Campaign materials may only be affixed to general University bulletin boards, other general use / “free will” spaces, or digital signage. **They should NOT be placed on doors, walls, windows, trees, sidewalks, or trash cans, nor may they be affixed to the ground.** Improperly posted materials will be removed at the violator’s expense and may result in university disciplinary action for violation of [§ 2-407 of the Student Code](#). Distribution means that individuals physically hand/offer materials to other individuals who may accept them or refrain from receiving them. Leaving a stack of materials to be picked up, or placing materials on vacant seats, empty spaces, etc., is considered littering, not distribution. A formal endorsement is represented by a signed Student Election Endorsement Form, verifying that a majority of the organization's membership approves of an endorsement. If the candidate is the president of the organization, then the next executive shall substitute for the president. A signed Student Election Endorsement Form must be submitted to and approved by the CSEC by the deadline provided by the Student Election Timeline.
- 7.31 If an organization engages in campaigning (e.g., e-mailing, social media posting) and violates the election rules, the violation is enforceable against the candidate, slate, or ticket for whom campaigning is done.

- 8.05 The CSEC may establish specific instructions for completing the Student Election Financial Disclosure Form which may include instructions on how to value or aggregate campaign items.
- 8.06 Candidates shall account for the sources of money used to acquire campaign assets. Disclosure of names of individuals is not necessary, excluding the candidate themselves. Disclosure of the names of businesses may be required.

- 8.08 The total value of all campaign assets should not exceed limits set in the Student Election Code for specific offices, as outlined in Chapter V.
- 8.09 Contributions from non-profits not associated with the University, corporations, and any foreign entities are prohibited.
- 8.10 Regardless of how many offices sought by an individual, they may only contribute one-hundred dollars (\$100) total to a slate.
- 8.11 If a student is a candidate for more than one office, then each value limit applies separately. The value of any campaign material for any office may be countable in whole or in part, against the limits of all offices for which the student is a candidate.

Chapter IX: Voting

- 9.01 The electorate shall consist of all persons who are undergraduate, graduate, or professional students at the University of Illinois at Urbana-Champaign enrolled for:
- a. At least one (1) credit OR
 - b. Persons in this status must submit a request for a ballot from the CSEC.
- 9.02 If the rules for the election of an office modify the electorate from § 9.01, those specific rules shall supersede § 9.01.
- 9.03 The voting system may be configured to screen eligible voters in an efficient manner, such as registration for the current term. When the voting system excludes an individual, that individual may request a provisional ballot from the CSEC if the student believes he or she was improperly excluded. With respect to the voting system improperly recording the vote of an ineligible person, such as a full-time employee taking classes, it may be presumed that this occurs with a sufficiently low frequency that such votes are immaterial to the results. This shall not preclude any voter's right to contest the results.
- 9.04 The ballot shall be administered on an electronic system. The voting system shall accept votes from 12:00:01 AM on the first voting day until 11:59:59 PM on the second voting day.
- 9.05 Voters may vote on any computer with internet access.
- 9.06 The ballot shall contain the following information:
